Dear Trustees:

It appears that some residents within townships participating in Medina County's electric aggregation program are uncertain about their enrollment status in the program. Accordingly, and to clarify, First Energy has recently provided to me a sample, monthly Ohio Edison invoice (copy attached) that indicates the pertinent consumer discount information. This same information should be contained on the invoices of all program enrollees; if it is not, the resident should be encouraged to contact the First Energy aggregation program representative at 866-636-3749.

Should you receive questions from your residents regarding this matter, please feel free to utilize the sample invoice to assist. Should you have any program-related concerns, you may contact me at your convenience. Thank you.

Sincerely,

Christopher A. Jakab
County Administrator

Price to Compare Message
Your current PRICE TO COMPARE for generation and transmission from Ohio Edison is listed below. For you to save, a supplier's price must be lower. To obtain an "Apples to Apples" comparison of available competitive electric supplier offers, visit the PUCO web site at www.PUCO.ohio.gov . Residential Service - 0000311675
7.50 cents per kWh

This would be your price if you did not participate in government aggregation and shop for an alternative generation supplier (FirstEnergy Solutions).

Messages

Tree branches and shrubs – and insects that nest in vegetation – can make it difficult and, at times, unsafe for our employees to read your meter. Please be sure your meter is easily accessible by clearing the path to it and the area around it.
